

Monthly Newsletter

February Learning

Maths

We have been focussing on matching this month. Ruksana and Kelly had big bags of socks from the washing machine and they needed sorting into pairs. The children helped to sort the socks.

Following the interests of the children, we have also been thinking about the size of the T-Rex and comparing everyday items to the T-Rex. Did you know its teeth would have been as big as a banana?

Physical development

In our physical development groups we have been drawing circles big and small. A circle can be many things: a sunshine, a smiley face, an alien... We drew them on paper on the tables and on the floor in the garden.

We have also been moving like dinosaurs. Stomping like the big, heavy dinosaurs and jumping like the little dinosaurs.

Language and Literacy

In our language and literacy groups we have been drumming outdoors. We took our drumsticks and tapped them on the different objects outside. We listened carefully to see which objects made a loud sound, like the railings; which objects made a quiet sound, like the grass and which objects made our favourite sound.

March 2019

Classroom

Saturday Specials

We had lots of fun at our Story Book Saturday Special on the 16th of February. We acted out scenes using props from books; made puppets and hats of characters from our favourite stories; we made scenes in cardboard boxes to act our stories out in. Please check our facebook page for more upcoming Saturday special events.

World Book Day

It is World Book Day on Thursday the 7th March. Come to nursery dressed as your favourite book character. Parents are invited to stay and read a story with their little one at drop off time.

Upcoming Holidays

Easter Holidays 01/04/19 - 12/04/19

Bank Holidays 19/04/19 - 22/04/19

Please be aware that staff are only able to administer medication for your child if it has been prescribed. This means it must have an official prescription label stating the patient's name, the dosage instructions, expiry date and any other relevant information. **We are unable to give Calpol to your child.** You will also be required to complete a medication form.

Because of the cold weather we have lots of hats, gloves and scarves without owners in our classroom. Please label your child's clothing and we will try our best to make sure it gets back to you. Thank you.

For more nursery news please join our Facebook page- Grace Owen Nursery School.
